**AFFIDAVIT OF COUNSEL FOR PLAINTIFF ALADDIN KNOWLEDGE SYSTEMS,
LTD. REGARDING STATUS OF SERVICE ON FOREIGN DEFENDANT FEITIAN
TECHNOLOGIES, CO., LTD.**

COMMONWEALTH OF PENNSYLVANIA	:	
	:	SS.
COUNTY OF PHILADELPHIA	:	

I, Mary Ellen O’Laughlin, Esquire, being duly sworn according to law, hereby depose and state as follows:

1. I am Of Counsel to the law firm of Klehr, Harrison, Harvey, Branzburg & Ellers, LLP, counsel to Plaintiff Aladdin Knowledge Systems, Ltd. in the above-captioned action. I

have personal knowledge of the information contained in this Affidavit and can testify as to the information if necessary.

2. The Complaint in this matter was filed on March 11, 2005.

3. Upon information and belief, Defendant Feitian Technologies Co., Ltd. ("Feitian") is a limited company existing under the laws of the Peoples Republic of China ("China"), with a principal place of business located at Bldg 7A, 5th Floor, No.40 Xueyuan Road, Haidian District, Beijing, P.R China.

4. Because Feitian is located in a foreign country and has not waived service of the Summons, Plaintiff is effectuating service on Feitian pursuant to Fed.R.Civ.P. 4(f).

5. China is a signatory of the Hague Convention on the Service Abroad of Judicial and Extrajudicial Documents ("Hague Convention"). Pursuant to the Hague Convention, Plaintiff's Summons, Civil Cover Sheet and Complaint, including its exhibits (collectively, "Complaint package"), had to be translated from English to Mandarin, China's official national language.

6. Plaintiff retained the services of Process Forwarding International ("PFI") to perform the translation and to process the service request to China to effectuate service of the Complaint package on Feitian in accordance with the Hague Convention.

7. On behalf of Plaintiff, I have directed the services of PFI through its Director of Operations, Rick Hamilton. Mr. Hamilton reports to me concerning the status of PFI's translation and service actions and he has advised that: (a) the translation was completed by PFI on June 27, 2005 and PFI forwarded the process service request, which includes the Complaint package, to the designated Central Authority in China, the Bureau of International Judicial Assistance, Ministry of Justice, Peoples Republic of China ("Central Authority"), on or about

that date and requested service of the Complaint package in accordance with the Hague Convention; (b) the Central Authority forwarded the Complaint package to the Executing Authority, the court having jurisdiction in the area where the Complaint package is to be served. The process service request is assigned to a judge to oversee the service of the Complaint package; (c) following service, as proof of the service the Central Authority completes and returns to PFI a certificate of execution as prescribed by the Hague Convention; (d) when it forwarded the process service request, including the Complaint package, to the Central Authority PFI included a check for the service fee, payable to the Peoples Supreme Court for the Peoples Republic of China; (d) the check for the service fee was cashed by the Peoples Supreme Court for the Peoples Republic of China on August 9, 2005, indicating that the Complaint package has been served upon Feitian; and, (e) based upon PFI's prior experience overseeing the service of process in China in accordance with the Hague Convention, it takes a minimum of two months for the Central Authority to complete and return the certificate of execution as prescribed by the Hague Convention; (f) although more than two months has passed, as of the date of the execution of this Affidavit, the certificate of execution regarding Plaintiff's process service request has not been returned to PFI. See Affidavit of Rick Hamilton, Director of Operations of Process Forwarding International, attached as Exhibit "1."

8. The information contained in this Affidavit is true and correct to the best of my knowledge, information and belief.

**AFFIDAVIT OF RICK HAMILTON OF PROCESS FORWARDING
INTERNATIONAL REGARDING STATUS OF SERVICE ON FOREIGN DEFENDANT,
FEITIAN TECHNOLOGIES, CO., LTD.**

STATE OF WASHINGTON	:	
	:	
	:	ss.
COUNTY OF KING	:	

I, Rick Hamilton, being duly sworn according to law, hereby depose and state as follows:

1. I am now, and at all times herein mentioned, a citizen of the United States and resident of the State of Washington, over the age of eighteen, not a party to nor interested in the above entitled action, and competent to be a witness therein. I have personal knowledge of the information contained in this Affidavit and can testify as to the information if necessary.

2. I am Director of Operations of Process Forwarding International ("PFI") contracted by the U.S. Department of Justice to act as the Central Authority for the United States in accordance with the Hague Convention on the Service Abroad of Judicial and Extrajudicial Documents ("Hague Service Convention").

2. I received a Civil Cover Sheet, Summons in a Civil Case, and Complaint with a request from Plaintiff's counsel to have these served upon Feitian Technologies Co., Ltd. at Bldg 7A, 5th Floor, No.40 Xueyuan Road, Haidian District, Beijing, 100083 China in accordance with the Hague Service Convention.

4. Pursuant to the Hague Service Convention, Plaintiff's Summons, Civil Cover Sheet, Complaint and exhibits to the Complaint (collectively referred to as "process service request"), had to be translated from English to Mandarin, China's official national language.

5. PFI performed the translation of the process service request, completing it on June 27, 2005. On or about June 27, 2005, PFI forwarded the process service request to the Bureau of International Judicial Assistance, Ministry of Justice, 10 Chaoyangmen Dandajie, Chaoyang District, Beijing, 100020 China being designated by the Chinese Government as the Central Authority to receive process service requests in accordance with the Hague Service Convention.

6. With the process service request PFI also forwarded a check for the service fee, payable to the Peoples Supreme Court for the Peoples Republic of China. The check for the service fee was cashed by the Peoples Supreme Court for the Peoples Republic of China on August 9, 2005, indicating that the process service request was served on Feitian Technologies Co., Ltd.

7. Based upon my knowledge and experience with process service requests in China in accordance with the Hague Service Convention, the procedure is as follows: the Central

Authority forwards the process service request to the Executing Authority, the court having jurisdiction in the area where the process service request is to be served. The process service request is assigned to a judge to oversee service. Following service, as proof of the service, the Central Authority completes and returns to PFI a certificate of execution as prescribed by the Hague Convention. It normally takes a minimum of two months for the Central Authority to complete and return the certificate of execution as prescribed by the Hague Convention.

8. Since the date PFI was retained by Plaintiff I have made periodic reports to Plaintiff's counsel, Mary Ellen O'Laughlin, concerning the necessary procedures required for the service process request and the status of those procedures.

9. Although more than two months has passed, as of the date of the execution of this Affidavit, the certificate of execution regarding Plaintiff's process service request has not been returned to PFI. As soon as it is returned, in accordance with PFI's usual procedures, PFI will forward the certificate of execution to Plaintiff's counsel.

9. The information contained in this Affidavit is true and correct to the best of my knowledge, information and belief.

Rick Hamilton
